Address: Hayatabad Phase 6 sector F3/1 street 8 House 268., 25000, Peshawar, Pakistan (Home)

● ABOUT ME

Experienced Civil Engineer specializing in **structural design** and **project management**, with over 1 year of progressive industry experience. Adept in leading multidisciplinary teams, managing complex infrastructure projects, and delivering innovative solutions under tight deadlines. Proficient in **STAAD Pro, AutoCAD, Primavera P6, ETABS, ArcGIS**, and other digital tools relevant to design and project execution. Committed to excellence, with a strong record of successful project delivery in accordance with **international standards** and **local regulations**.

● EDUCATION AND TRAINING

Peshawar, Pakistan

BACHELOR OF SCIENCE IN CIVIL ENGINEERING CECOS University

Website <https://cecos.edu.pk/> | **Field of study** Engineering, manufacturing and construction |

Thesis Design of water treatment plant for DHA Peshawar

● WORK EXPERIENCE

 **DESIGN ENGINEER – PESHAWAR**

DESIGNING ENGINEER – 01/08/2024 – 05/06/2025

As a Civil Engineer, I have designed and developed **structural components and assemblies** using **AutoCAD** and other engineering software, ensuring accuracy and compliance with project requirements. I have successfully led **design reviews** and collaborated with construction and site management teams to ensure **feasibility and constructability** of designs. My experience includes conducting **structural analysis and simulations** to validate safety, durability, and performance in line with **international standards**. Through effective **design optimization** and coordination with suppliers, I contributed to reducing material costs by 15% while maintaining quality. Additionally, I have managed **documentation, drawings, and version control** using project management and digital platforms to support seamless project execution and regulatory compliance.

 **PROJECT MANAGEMENT – ISLAMABAD, PAKISTAN**

PROJECT DESIGN – 03/03/2024 – 02/12/2024

As a Civil Project Engineer, I managed **infrastructure projects** from planning to handover, ensuring delivery within defined **scope, time, and budget**. I developed and maintained detailed **project schedules** using **Primavera P6** and **MS Project**, which improved efficiency and on-time completion. By coordinating with **design and construction teams**, I resolved technical challenges and supported smooth project execution. I conducted thorough **risk assessments** and implemented effective mitigation strategies to prevent delays and cost overruns. Additionally, I liaised with **clients, consultants, and regulatory authorities** to ensure full compliance with standards and timely approvals, contributing to the overall success and sustainability of projects.

● CERTIFICATION

Certificates

- Primavera P6** Project Mangement Certificate
- [Primavera P6 Project Planning and Scheduling](#)
- Cost Control Construction Projects**
- [Staad Pro Certificate from Bentley](#)

-Engineering of Structure **Shear and Bending**
-Engineering of Structure **Response of Structure**
-**Microsoft Office** Specialist Excel

● **SKILLS**

Technical Skills

AutoCad 2D -3D | STAAD Pro & STAAD Foundation | Primavera P6 | Microsoft Excel

Soft Skills

Etabs ,ArcGIS Pro | Microsoft Word | Microsoft Powerpoint | Microsoft Office

Personal Skills

Communication | Time-Management | Problems Solving | Analytical Thinking | Teamwork

● **LANGUAGE SKILLS**

Mother tongue(s): **PUSHTO**

Other language(s): **ENGLISH** | **URDU** | **ARABIC**

● **DRIVING LICENCE**

Driving Licence: A1

Driving Licence: B
